

## **REMARKS**

Applicant, by the amendments presented above, has made a concerted effort to present claims which more clearly define over the prior art of record, and thus to place this case in condition for allowance.

Currently, claims 6-14, 18-50, 54-56, 85 and 86 are pending. Claims 85 and 86 were added in this Amendment. Claims 15-17 and 51-53 were canceled without prejudice in this Amendment. Claims 1-5 and 57-84 were canceled in this Amendment and Applicants reserve the right to file divisional applications on these claims.

### ***Allowable Subject Matter***

The Examiner indicated that claims 21-37 are allowed, and that claims 12, 13, 15-17, 19, 20, 48-53, 55 and 56 would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Independent claim 6 has been amended to include the limitations previously provided in claim 17, except that "speech synthesizing means" has been changed to "speech synthesizer". Independent claim 38 has been amended to include the limitations previously provided in claim 53, except that "speech synthesizing means" has been changed to "speech synthesizer". Applicant submits that this change does not effect the allowability of claims 6 and 38.

Reconsideration and allowance is requested.

Claims 12, 13, 19 and 20 have been rewritten in independent form and include all of the limitations found in claim 6 prior to the present Amendment. Applicant submits that these claims are in condition for allowance.

Claim 21 which had been found to be allowable has been amended to avoid a possible §112 rejection of the dependent claims.

Claims 48, 49, 55 and 56 have been rewritten in independent form and include all of the limitations found in claim 38 prior to the present Amendment. Applicant submits that these claims are in condition for allowance.

The remaining pending claims are dependent upon one of these independent claims. Therefore, Applicants submit that these dependent claims are in condition for allowance. Reconsideration and allowance is requested.

#### ***Claim Rejections - 35 U.S.C. §102***

Claims 6-10, 14, 18, 38-47 and 54 were rejected under 35 U.S.C. §102(b) as being anticipated by United States Patent No. 5,992,742 to Sullivan et al. Independent claims 6 and 38 have been amended to contain subject matter which the Examiner found to be allowable. Therefore, Applicants submit that this rejection is moot.

#### ***Information Disclosure Statements***

Applicants submitted Information Disclosure Statements on April 3, 2002, June 20, 2001, June 18, 2001 and April 12, 2001. Copies of the Information Disclosure Statements are enclosed, along with copies of the return postcards received from the United States Patent and Trademark Office indicating that the Information Disclosure Statements were received. Because these Information Disclosure Statements were timely submitted, consideration of same is requested and return of the initialed Form PTO 1449 is requested.

In view of the above Amendments and Remarks, Applicant respectfully submits that the claims of the application are allowable over the rejections of the Examiner. Should the Examiner have any questions regarding this Amendment, the Examiner is invited to contact one of the undersigned attorneys at (312) 704-1890.
